TSNZ 3.2 Builds

Contine urmatoarele informatii:

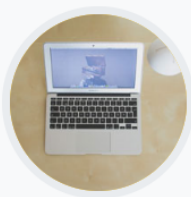

PANTHER ODM BUILDS

Access past builds and future prototypes

As with any project, we've had a few prior builds which were rejected, although we don't know why. We also have some upcoming future release work for refueling.

Current Release

The latest, most stable release of the ODM software.

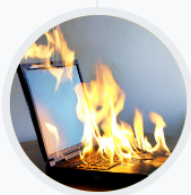

Build 1

Rejected build. Reason unknown.

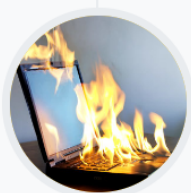

Build 2

Rejected build. Reason unknown.

Build 3

Rejected build. Reason unknown.

Build 4

Rejected build. Reason unknown.

Build 5

Rejected build. Reason unknown.

Refuel Prototype

Prototype which includes the new refuel page.
